Unless otherwise indicated, all written and oral statements referred to herein are set forth in substance and in part, rather than verbatim.

3. This affidavit is being submitted in support of an arrest warrant for **DAWN J. BENNETT** (“**BENNETT**”). Based on the facts set forth in this affidavit, I submit that there is probable cause to believe that **BENNETT** has committed violations of 18 U.S.C. § 1343 (wire fraud), 18 U.S.C. § 1344 (bank fraud), and 18 U.S.C. § 1014 (false statements in relation to loan and credit applications).

#### CASE BACKGROUND AND OVERVIEW

4. In December 2015, the Baltimore Division of the FBI was contacted by representatives from the Philadelphia Regional Office of the Securities and Exchange Commission (“SEC”) Enforcement Division regarding potential criminal acts being committed by **BENNETT**, a registered investment advisor (“RIA”). On September 9, 2015, the SEC issued a press release in which they announced charges against **BENNETT** for allegedly inflating both the amount of assets under management by her firm, Bennett Group Financial Services (“BGFS”), and the investment returns obtained by BGFS. The SEC alleged that this took place on **BENNETT**’s paid weekly radio program, titled “Financial Myth Busting with Dawn Bennett,” which began airing on AM radio in Maryland and Washington, D.C., in 2010. During the course of their investigation, the SEC was alerted to potential criminal activity unrelated to the September 2015 charges, which the SEC brought to the FBI’s attention.

5. Specifically, the SEC was contacted by a representative from Old Line Bank (“OLB”) in Waldorf, Maryland regarding one of Old Line Bank’s clients, Individual #1.

Individual #1 is an 80 year-old female from Maryland. The OLB representative advised the SEC that Individual #1 went to her local branch to conduct a wire transfer for a proposed investment. As a precaution, OLB asked Individual #1 for supporting documentation related to the proposed investment. Individual #1 provided OLB with a document titled "DJ BENNETT HOLDING, LLC, SECURE CONVERTIBLE NOTE FINANCING, SUMMARY OF TERMS." This document was dated October 20, 2015, and was signed by Individual #1 on October 27, 2015, using the title "Investor," and was also signed by BENNETT on October 30, 2015 using the title CEO, DJBENNETT.COM. The amount to be invested was \$32,300. A review of the summary of terms found that BENNETT was purporting to raise funds for DJ BENNETT HOLDING, LLC, and was offering an annual interest rate of 15% via secured convertible promissory notes. The summary of terms document further stated that "the proceeds of the Notes will be used for prototype and product development, patent filings, engineering services and other operating expenses." On the signature page, directly underneath the signature section, were wiring instructions, directing funds to be wired to account XXXXXXXX2861 at First Republic Bank (hereafter "FRB 2861") in San Francisco, California, in the name DJB Holding LLC. Below the wiring instructions was a paragraph titled "Risks of Investing in this investment," which stated the following:

*Investing in this offering involves a high degree of risk. Securities sold through this offering are typically not publicly traded and, therefore, are less liquid. Additionally, companies seeking investments like this offering tend to be in earlier stages of development and have not yet been fully tested in the public marketplace. Investing in this offering requires high risk tolerance, low liquidity concerns, and long-term commitments. Investors must be able to afford to lose their entire*

*investment. Investment products are not FDIC insured, may lose value, and there is no bank guarantee.*

OLB was concerned that this investment was not appropriate for an investor of Individual #1's age. OLB conducted preliminary research on **BENNETT** and located the September 2015 SEC Enforcement Division press release, which aroused OLB's suspicions and led OLB to contact the SEC.

6. **BENNETT** has been aware that she was under some form of investigation beginning as early as December 10, 2014, when she gave sworn testimony to the Financial Industry Regulatory Authority ("FINRA"),<sup>1</sup> Department of Enforcement, related to the matters that were later charged by the SEC. **BENNETT** was represented at this examination by Attorney #1 from Law Firm #1, which is based in New York City, New York.

**DJBENNETT.COM**

7. During the December 10, 2014, FINRA interview, **BENNETT** briefly discussed DJ Bennett Holding LLC and DJBennett.com, which, according to Individual #1's DJ **BENNETT HOLDING, LLC, SECURE CONVERTIBLE NOTE FINANCING, SUMMARY OF TERMS** document, were to be the beneficiaries of investor money wired to the FRB 2861 account. In the statement to FINRA, **BENNETT** described DJBennett.com as an internet retailing website for luxury sportswear. A review of the transcript found that **BENNETT** stated under oath that she was the 100% owner of DJ Bennett Holding LLC/DJBennett.com and that it

was a completely separate entity from BGFS, although the physical office spaces were co-located in office space in Washington, D.C.

**ANALYSIS OF DJBENNETT.COM OPERATING ACCOUNT 2014-2015**

8. After receiving the tip from OLB, the SEC requested records from First Republic Bank to determine if other investors were being solicited in the same manner as Individual #1. These records were produced to the SEC, which made them available to the FBI for financial analysis. A review of the FRB 2861 account statements found that, between December 17, 2014 and October 29, 2015, 28 individuals deposited a total of \$5,780,457.10 into the FRB 2861 account. The deposits began just one week after BENNETT's initial interview with FINRA. Despite the language in the DJ BENNETT HOLDING, LLC, SECURE CONVERTIBLE NOTE FINANCING, SUMMARY OF TERMS document provided by Individual #1, analysis of the FRB 2861 account found activity consistent with a Ponzi scheme and misappropriation of investor funds. Based on my training and experience, a Ponzi scheme is a fraudulent investment scheme where the operator of the scheme solicits investors by promising high rates of return with little risk. The scheme operator then funds payments to the older investors through funds obtained through new investors. Typically, the operator of the scheme will use investment funds for purposes other than what was conveyed to the investors. For example, funds may be used for the personal benefit of the scheme operator.

9. Specifically, the chronologically first investor victim, Individual #2, made a wire transfer to the FRB 2861 account on December 17, 2014, in the amount \$250,000 with the note "loan for friend." Subsequently, in February and March 2015, eight other individuals made deposits into the FRB 2861 account, in large dollar amounts ranging between \$5,000 and \$190,000, totaling \$711,000. On April 1, 2015, the chronologically first investor, Individual #2,

*me  
CBA*

received a wire transfer from the FRB 2861 account in the amount of \$300,000, which represents a return of 20% on the initial loan over a period of less than 4 months. Only two other individuals out of the 28 that deposited funds to the FRB 2861 account were repaid in full and none at this rate of return.

10. According to account opening documents provided by First Republic Bank, the FRB 2861 account was opened in January 2010 in the name DJB Holding LLC, and **BENNETT** was listed as the only managing member of the LLC, which was a Delaware company. **BENNETT** was listed as the sole signer on the account, although another individual was listed as an individual authorized to conduct transactions. In December 2014, when **BENNETT** provided testimony to FINRA, she stated that the other individual was no longer associated with **BENNETT** or her firms. This left **BENNETT** as the sole individual authorized to conduct transactions for the FRB 2861 account. Based on my review of the records, it appears that **BENNETT** was the only individual who was conducting transactions on the FRB 2861 account after December 2014.

11. From the time of the account opening, continuing through 2014, the FRB 2861 account appeared to function mostly as an operating account for an internet retail business. Beginning in 2013, the business appeared to enter into agreements with a series of financing companies to sell or “factor” its receivables. This was confirmed through the FINRA interview of Employee #1, a longtime employee and associate of **BENNETT**, who provided sworn testimony on November 13, 2015. Through knowledge, training and experience, I know that the factoring of a company’s receivables is frequently an indicator of financial stress for a business or individual. Beginning in February 2015, the FRB 2861 account frequently became overdrawn, resulting in numerous bank fees, and the account balance was often less than \$1,000.

7AR  
CAM

In many cases, this low account balance provided specific visibility into how victim investor funds were used after being deposited.

12. For example, on April 21, 2015, the account balance for the FRB 2861 account was \$88.67. The next day, on April 22, 2015, a wire transfer from Individual #3 in the amount of \$230,000 was received. On the same day, a wire transfer for \$200,000 was sent from the FRB 2861 account to an account in the name of Law Firm #2, which your Affiant knows to be a prominent law firm in Washington D.C. that was representing **BENNETT** during the FINRA and SEC investigations in 2015.

13. Additionally, Individual #3 sent a second wire transfer to the FRB 2861 account on July 9, 2015, in the amount of \$150,000. At the time, the account balance for the FRB 2861 account was \$152.42. The following day, a wire transfer in the amount of \$150,000 was sent from the FRB 2861 account to an account in the name "Cowboys Stadium LP." Records provided by the Cowboys Stadium LP showed that DAWN J. **BENNETT** had entered into a personal 20-year agreement to lease suite 242 on the Hall of Fame level of the Dallas Cowboys football stadium for an annual lease fee of \$500,000. This agreement was executed on November 19, 2007, and officially began with the 2009 football season. Records provided by Cowboys Stadium LP showed that **BENNETT** still owed \$300,000 from the 2013 season when the 2014 lease payment was invoiced on September 11, 2014. This corresponds with the approximate time that **BENNETT** began factoring her receivables for the DJBennett.com business. Open source searches found several news media reports that referenced a now-settled lawsuit which was filed by the Dallas Cowboys against **BENNETT** in late 2014 seeking a total of \$7.3 million as compensation for **BENNETT**'s non-payment of her luxury suite lease at Cowboys Stadium. Correspondence provided to the FBI by Cowboys Stadium LP shows that

*7/11/17  
CJR*

**BENNETT** emailed the Dallas Cowboys general counsel on March 20, 2015, asking that “the filing against me (be) removed/pulled/withdrawn as soon as possible.” **BENNETT** continued, explaining that her “job responsibilities require security clearance as well as working with regulatory groups all of which, since this stories [sic] release in the press/internet has been in jeopardy. Thus, I have tremendous pressure and great concern for my livelihood that is now in risk.”

14. According to analysis of the FRB 2861 account and records provided by Cowboys Stadium LP, between December 17, 2014 and July 14, 2015, Cowboys Stadium LP received \$1,060,000 from **BENNETT**, all by wire transfers from the FRB 2861 account. These payments brought **BENNETT** back into good standing on her stadium suite lease for 2013, 2014, and 2015. Other payments to the Cowboys Stadium LP appeared to be sourced from potential victim investor funds, similar to the July 10, 2015 wire transfer funded by Individual #3 described above. For example, on June 24, 2015, a \$500,000 wire transfer was credited to the FRB 2861 account, which at the time had a balance of \$16,868.07. The wire transfer was sent by Individual #4 and Individual #5, aged 71 and 70 respectively, both of whom resided in Maryland. Over the following week most of the deposited funds were disbursed as follows:

Date	Transaction	Amount (\$)	Account Balance (\$)
6/24/2015	DEPOSIT-WIRED FUNDS INDIVIDUAL 4 AND INDIVIDUAL 5	500,000	516,868.07
6/26/2015	ACH DEBIT AMEX EPAYMENT -ACH PMT	(17,297.71)	499,570.36

6/30/2015	DOMESTIC WIRE FUNDS-DEBIT COWBOYS STADIUM LP	(200,000.00)	58,037.93
-----------	--	--------------	-----------

As is shown above, the \$500,000 supplied by Individual #4 and Individual #5 on June 24, 2015, were used for a \$200,000 payment to Cowboys Stadium LP six days later, on June 30, 2015. In addition, on June 29, 2015, a wire transfer for \$100,000 was sent from the FRB 2861 account to an account in the name of Law Firm #3, which I know to be a large law firm with offices in Washington, D.C.

15. **BENNETT**'s final payment to Cowboys Stadium LP, which returned her to good standing on her stadium suite lease, was a wire transfer in the amount \$150,000 from the FRB 2861 account to Cowboys Stadium LP on July 14, 2015. As with the other payments described above, this wire transfer to Cowboys Stadium LP was completed immediately following the receipt of two wire transfers from Individual #6 (another presumed victim investor) in the amounts of \$52,000 and \$120,000. These wire transfers were received on the same day as the payment to Cowboys Stadium LP. Prior to Individual #6's deposits, the account balance was just \$4,742.63.

16. **BENNETT** continued to use funds apparently sourced from individual investors to fund her legal expenses. For example, on October 21, 2015, the account balance in the FRB 2861 account was \$1,978.29. On October 22, 2015, a wire in the amount of \$120,000 was deposited into the FRB 2861 account from Individual #7, a 64 year-old female from Maryland. The following day, a wire transfer in the amount of \$100,000 was initiated from the FRB 2861 account to Law Firm #4, which I know to be a law firm that has represented **BENNETT** in her litigation with FINRA and the SEC. Between April 22, 2015, and October 29, 2015, wire transfers from the FRB 2861 account to law firms associated with **BENNETT** totaled \$907,220.49, mostly funded by presumed victim investors.

**FINDINGS FROM EMAIL SEARCH WARRANT OF MAY 20, 2016**

17. I have reviewed records produced by Microsoft Corporation pursuant to a May 20, 2016, email search warrant covering DBENNETT@DJBENNETT.COM and <Employee #1>@DJBENNETT.COM. The search warrant production contained numerous emails in which BENNETT communicated with victim investors about investing in DJBennett.com. Some of the investors were reluctant and declined at first, but later relented and decided to invest funds with BENNETT. For example, Individual #8, a 70 year old from Arizona, was initially solicited by BENNETT in March and April 2015 but declined, explaining his rationale in two email chains with BENNETT (emphasis below is mine):

Dawn, we sincerely appreciate your consideration to offer us the opportunity to invest in your remarkably successful company to date. We are torn and I will share the reason behind much of our dilemma. One of my siblings who worked all his life at the extreme level of passion and dedication to his discipline as you have, invested in what to him seemed was a sure deal in both returns and eventual buy out. He lost everything with his investments into multi millions and subsequently his many assets including numerous properties, etc. We have been in somewhat the middle of it all as he and his wife live nearby us and our friendship has been close and meaningful. On top of everything [Investor #8's wife] manages health-wise 24-7, it has been hell for us to witness the immensity of his losses on him both tangibly and emotionally. To fast forward to our personal financial circumstances, as you know, we have put ourselves in "interesting" professional positions while working for non profits, the last four years working in a voluntary capacity while getting the museum developed. What you are managing is our sole security blanket. It would be a killer if for any reason an investment in your fine company would lead to any more losses than what our portfolio has experienced in the recent past. The way things are going I will need to work until I kick the bucket in order to ensure that if [Individual #8's wife] were to out live me in her greatly suffering condition her reliance on our accounts you are managing would be certainty. That in a nut shell is our reality, with no violins necessary to be playing for us! Our greatest concern, Dawn, is for us to have you invest what we have in that one account we spoke of previously and for whatever reason lose its principal. It would be devastating to us and at this stage of our lives and personal circumstances, we would then have no way or time to rebound. I hope you understand our predicament. Again, your kindness in wanting for us to become beneficiaries of your anticipated increasing successes is most appreciated.  
Best always,

18. Analysis of the FRB 2861 account and the email search warrant records showed that beginning in January 2016, **BENNETT** began directing victim investor deposits to Monument Bank account #XXXXXX2678 ("MB 2678"). A review of account opening documents provided by Monument Bank found that MB 2678 was opened on December 11, 2015, in the name DJB Holdings LLC DBA DJBennett.com, with DAWN J. **BENNETT** as the

sole signer on the account. A review of records for MB 2678 found that Individual #8 and his spouse made the following wires to **BENNETT**:

Date	Amount (\$)
4/1/2016	100,000
4/4/2016	100,000
4/13/2016	175,000
4/18/2016	401,985
9/2/2016	25,000
9/7/2016	50,000
<b>Total</b>	<b>851,985</b>

19. Analysis of MB 2678 found the following significant payments were made following Individual #8's deposits:

Date	Payee	Amount (\$)
4/4/2016	Law Firm #4	150,000
4/4/2016	Individual #9	11,250
4/13/2016	CLPF CC Pavilion LP <sup>2</sup>	175,000
4/19/2016	Individual #10	16,875
4/19/2016	Individual #11	36,896
4/19/2016	Individual #12	3,750
4/19/2016	Law Firm #4	150,000
4/19/2016	Dawn Bennett	20,000

The opening balance for MB 2678 on April 1, 2016, was \$19,398.05. The deposits made by Individual #8 constituted over 92% of the deposits to MB 2678 with the remainder coming from two other victim investors (\$60,000 total) compared with \$776,985 deposited by Individual #8. As discussed above, I know Law Firm #4 to be a law firm representing **BENNETT** in litigation with FINRA and the SEC. Additionally, I have identified Individuals #9, #10, #11, and #12 as victim investors and the amounts above are consistent with interest payments for the promissory

<sup>2</sup> CLPF-CC Pavilion LP is the property owner for the BGFS office space (a portion of which is utilized by DJBennett.com) in Washington, D.C. Based on a review of records from CLPF-CC Pavilion LP, rent for the office space was approximately \$71,170 per month in April of 2016.

notes these individuals have signed. The \$20,000 payment to **BENNETT** was a wire transfer to a personal account held in the name of **BENNETT** at United Bank.

20. On April 13, 2016, Individual #8 sent the email below email concurrent with his wire of \$175,000 to MB 2678, again laying out his circumstances in a lengthy email to **BENNETT** (again, emphasis below is mine):

*Ok. I am in therapy from 9 to 11 so immediately following I can do that with wiring instructions. Thank you! And, sometime soon when my wife is sharp enough by being awake late in the day or early evening to be party to a phone call with the two of us on the matter of the IRA accounts and moving them your direction to achieve what you have so very generously described to me as late as yesterday when you learned our real financial circumstance etc., I would appreciate showing her our respect to have her feel she is part of the team to both understand the strategy for the next few years and thanks to you the extraordinary benefits derived accordingly. I have shared last night much what we spoke about but what I ask you to appreciate is that as sick as she is, and has been for over 30 years, depression is her Satan and impedes every aspect of her being and living. She is always, always as low as a snake because of this death of depression which honestly and understandably has been exasperated because of three different past employers who screwed us Royal to the point we have found us to be after our giving so much to humanity through the institutions we have directed in my career ... <lengthy discussion of Individual #8's professional career omitted>*

*But, it is cause, along with others preceding, that has gotten us in this financial pickle which in a sense you and [Employee #1] would on occasion over the years get my expressed anxiety over matters pertaining to our account with you because it was/is our ONLY "financial security" for our future. You never knew what all elsewhere we had dealt with and lost from but morally I would not give up my commitments to others to see that with my leadership the goals of certain museum-like projects (including Ali Center) would be achieved! Like you, I am a strange breed. There's not a peer of mine in my profession who would have done what we have in walking the talk at our great personal sacrifice. That is why at this time in our lives, both 70 and [Individual #8's wife] bedridden, it is so HUGELY meaningful if you really believe a radical reinvestment of our only lives' savings could without risk realize the kind of returns over the next two years. For us, it would be nothing less than miraculous. And knowing now more than you ever would wish to about us I am sure, you better appreciate why so conservative and gun shy we have been with the funds you have managed as that is it beyond what we recently sent you to invest at 15%. However many years the two of us have to yet live, to do so with financial security of the likes we spoke about yesterday in two years time would be indescribable, truly unbelievable.*

*Thanks for letting me ramble. Got to now get ready for my therapy sessions!  
Fondly,*

It is clear from the email above that **BENNETT** has knowingly solicited Individual #8's entire life's savings and promised him a guaranteed rate of return of 15% without risk. Individual #8

has also made clear that he is relying on this savings to provide for the care of a sick spouse and he desires to invest in a very conservative fashion.

21. A review of emails produced by Microsoft following the May 20, 2016, search warrant found substantial evidence that **BENNETT** and Employee #1 utilized email to communicate with each other in the execution of the scheme. **BENNETT** frequently asked Employee #1 to perform administrative or record keeping tasks as shown in the email below in which **BENNETT** forwards a link to a signed promissory note from a victim investor identified as Individual #13, a 61 year old man from South Carolina, with instructions to print it off:

*1st point) : Attached is the "takeover" promissory note at 15% of which matures on June 1, 2017. Please sign, and email me the fully codified document. The interest on that note commences on Wednesday, December 14, 2016.*

*2nd point) : As per Dawn Bennett 100% owner of DJbennett.com ...at the time we open DJBennett.com up for private equity ownership the full and entire dollar amount Individual #14 rolls over into DJBennett.com will increase an automatic increase in ownership of 25% additional which will be an enhancement from the other promissory note holders calculation of ownership. (Once the "takeover" promissory funds have been wired to DJBennett then this agreement commences as well as a formal legal agreement between Individual #14, Bennett and DJbennett.com will be presented to Individual #14 for his approval and signature within a week of the funds being received)*

*3rd point) : At any point, in 2017, Individual #14's total promissory note holdings have the right to pay out earned interest on a monthly basis, or on a quarterly basis or after the end of the full term of 9 months or maturity as per Individual #14's early liquidation request.*

*4th point) : Please see attached promissory note @ 15% rolled over for the full maturity or until Individual #14 requires liquidity.*

*5th point) : Wiring Instructions: (Individual #14, Please note that these are new wiring instructions as our old bank, Monument Bank, was bought out by Revere Bank. Revere Bank is a local bank that does not have the technological ability to wire directly or receive overseas funds as well as their online/statements/accounting/wiring process is antiquated. Therefore, I made the decision to move our business account from Monument/Revere to a much more sophisticated bank that can handle wires to and from China and, in general, Asia.) Of note is **BENNETT**'s second point in which she implies that DJBennett.com will receive private equity investment in the future. **BENNETT** also seems to be promising Individual #14 that he will receive a special benefit for participating in a "takeover" promissory note investment. This benefit appears to be a preferential ownership/equity calculation for DJBennett.com following the alluded-to private equity investment, presumably to minimize the dilution of his new investment. A review of the attachments to the email above found an unsigned promissory note in Individual #14's name for a principal amount of \$1,000,000 with a maturity date of June 1, 2017, as referenced by **BENNETT** in her first point.

24. Bank records obtained from Eaglebank for account XXXXXX2656 ("EB 2656") showed that EB 2656 was opened on June 19, 2015, in the name DJB Holdings LLC with **BENNETT** as the sole signer. A review of the account statement for EB 2656 for December

2016, found that Individual #14 wired \$1,000,000 to DJB Holdings LLC as directed by **BENNETT** in the email above. I believe this wire was for Individual #14's "takeover" promissory note.

**ADDITIONAL FUNDS TRACING**

25. Individual #17 is a resident of the Commonwealth of Virginia who has known **BENNETT** for decades. In exchange for comparable sums of money, Individual #17 received from **BENNETT** certain promissory or convertible notes in principal amounts of \$87,000; \$72,640; \$173,961.97; \$225,311.45, and \$150,000 totaling over \$700,000. These notes were in relation to the following wire transfers from Individual #17 (or her husband) to Bennett: \$150,000 on or about May 5, 2015; \$156,370 and \$202,527 on or about March 7, 2016; \$72,640 on or about June 8, 2016; and \$87,000 on or about September 16, 2016.

26. Prior to receiving the \$150,000 wire transfer from Individual #17 on May 5, 2015, the balance in DJB Holdings' FRB 2861 account was approximately \$118. The FRB 2861 account was the primary business bank account being utilized by DJB Holdings at that time. The day after receiving the \$150,000 wire transfer, **BENNETT** sent a \$60,000 wire transfer to her UB 2054 account, of which \$49,000 was used to pay her personal condominium fees on May 12, 2015 and \$8,106 of which went to pay the mortgage on **BENNETT**'s Chevy Chase residence on May 13, 2015.

27. Prior to receiving the \$156,370 and \$202,527 wire transfers from Individual #17 and her husband on March 7, 2016, the balance in **BENNETT**'s account was approximately \$3,547. The same day she received the funds, **BENNETT** sent a \$175,000 wire transfer to her MB 2660 account, of which \$148,500 was transferred (the same day) to the BGFS UB 7427 account. Two days later, **BENNETT** paid off, in full, a BGFS United Bank loan that dated back

to July 2013, with a \$148,251 debit transaction. A review of United Bank records found that at least \$100,000 from the proceeds of the July 2013 BGFS loan went to pay **BENNETT**'s luxury suite lease with the Dallas Cowboys. On March 7, 2016, **BENNETT** made an American Express payment of approximately \$55,760; the majority of expenses on that American Express account were personal in nature, including a \$29,715 expense from Astrological Gem in Fairfield, Iowa and an \$11,400 expense from Puja.net in Washington State. According to its website, Astrological Gem specializes in providing top quality natural gemstones for Vedic astrology. Puja.net provides clients with "yagyas", which can be described as Hindu ritual blessings or curses performed by priests in India on behalf of Puja.net's clients. On March 11, 2016, **BENNETT** sent a \$25,000 wire transfer to Law Firm #4. On March 16, 2016, **BENNETT** sent a \$5,625 wire transfer to Individual #12.

28. Prior to receiving the \$72,640 wire transfer from Individual #17 on June 8, 2016, the balance in **BENNETT**'s account was approximately \$37,955. On June 9, 2016, **BENNETT** sent a \$72,664 wire transfer to an entity from which she had obtained a loan.

29. Prior to receiving the \$87,000 wire transfer from Individual #17 and her husband on September 16, 2016 (a Friday), the balance in **BENNETT**'s account was approximately \$41,026. The same day she received the funds, **BENNETT** also received a wire transfer of \$150,000 from Individual #16. On September 19, 2016 (a Monday), **BENNETT** sent a wire transfer of \$154,707 to Individual #21 and her husband, who I believe are victim investors. On September 21, 2016, **BENNETT** sent a wire transfer of \$54,026 to Individual #22, a 60 year old man from West Virginia, who I believe is a victim investor.

**THE EAGLEBANK LOAN**

30. On May 19, 2015, Eaglebank extended DJB Holdings LLC a \$750,000 line of credit secured by the inventory of DJB Holdings LLC/DJBennett.com. Initially, only \$250,000 was made available to be drawn on by **BENNETT**. The remaining \$500,000 was subject to an inventory audit and verification of **BENNETT**'s statement to Eaglebank that her Western International brokerage accounts had between \$4 million and \$5 million in unencumbered liquid assets. On May 21, 2017, **BENNETT** represented to Eaglebank that she did not have access to her personal brokerage statements, and stated that Employee #1 was the only one who did but he was camping for four days with poor cell phone coverage. On May 26, 2015, Employee #1 sent the following email to a Vice President at Eaglebank:

*From: Employee #1  
To: LR@eaglebankcorp.com*

*Subject: Request of statement*

*Good morning! I hope you had a great long weekend. I enjoyed my four day hike!  
Dawn asked me to send you her most recent complete brokerage account statement, which is March 31, 2015. The next statement will be June 30, 2015.*

*I have not heard back from the building yet and I will follow up with them this morning.  
Let me know if you need anything else.*

*Thank you!  
Employee#1, CFO*

Attached to the above email was a Western International account statement for the statement period, February 28, 2015 to March 31, 2015, for a brokerage account in **BENNETT**'s name ending 4BF8 ("WST 4BF8") which showed a net portfolio value of \$4,209,741.55. In reality, records provided by Western International showed a net portfolio value of only \$35.24 for WST 4BF8.

31. Further review of the records produced by Microsoft Corporation pursuant to the December 19, 2016, search warrant found the email chain below, where on December 5, 2016,

Omitted from this balance sheet are the outstanding promissory notes issued to the victim investors. These notes specifically stated that they were guaranteed by the assets of DJBennett.com. On December 31, 2015, the outstanding principal on the notes, not including interest due, would have been over \$5,000,000, and certainly should have been included on the DJBennett.com balance sheet. Based on your Affiant's training, knowledge, and experience,

your Affiant believes these notes were deliberately not included in the balance sheet to hide the true financial position of DJBennett.com.

32. Subsequently, Eaglebank declared DJBennett.com in default on February 18, 2016, in a letter that cited a number of reasons for the default including failure to provide 2014 tax returns, and failure to complete a satisfactory inventory collateral audit. In the email below, sent on October 10, 2016, BENNETT claimed to be unaware of the default and stated that she had been in China for the preceding eight months:

A search of FBI databases was unable to confirm any international travel for **BENNETT** during the time period in which she claimed to be in China, and a review of records provided for **BENNETT**'s personal American Express card (account ending 97002) during the time period show numerous transactions at restaurants in the Chevy Chase, Maryland, and Washington D.C. area, in which **BENNETT** lives and works.

Individual #15

33. Consistent with the fraud scheme, **BENNETT** began paying off the maxed out \$750,000 line of credit on June 30, 2016, with a payment of \$199,000 which was funded by Individual #15, a 70 year old man from Florida. The circumstances surrounding Individual #15's deposit are as follows. On June 28, 2016, the DJBennett.com operating account (at the time MB 2678) had a balance of \$13,299.47. On June 29, 2016, MB 2678 received a wire in the amount of \$775,000 from Individual #15, after which the following withdrawals were made:

DATE	TRANSACTION	AMOUNT (\$)
6/29/2016	BENE: INDIVIDUAL #3 TRN:P201606290006812	(311,292)
6/29/2016	BENE:Law Firm #1 TRN:P201606290019296	(11,694)
6/29/2016	TO DAWN BENNETT ACCOUNT	(40,000)
6/30/2016	BENE:DJB HOLDING, LLC TRN:P201606300005483	(200,000)

Consistent with Ponzi scheme activity, an earlier victim investor, Individual #3, was repaid with interest using the proceeds from a later victim investor, Individual #15. **BENNETT** also continued to use victim investor funds to pay her personal legal expenses as seen with the \$11,694 wire to Law Firm #1 previously identified as representing **BENNETT** in the FINRA investigation. The \$40,000 withdrawal was a transfer to a personal account held in **BENNETT**'s

*me*  
*CBM*

name at Monument Bank ending 2660 ("MB 2660"). On the same day of the \$40,000 transfer, **BENNETT** wired \$15,000 from MB 2660 (which had a balance of \$350.70 prior to the \$40,000 transfer) to United Bank to pay the mortgage on her primary residence, a penthouse condominium located in Chevy Chase, Maryland. Also on June 29, 2016, **BENNETT** wired \$24,000 to a business account at United Bank ending 7427 ("UB 7427") in the name Bennett Group Financial Services LLC. UB 7427 was overdrawn by \$250.28 prior to this \$24,000 wire, which went on to fund a payroll debit for employee garnishment in the amount of \$12,297.14 on June 30, 2016. Lastly, on June 30, 2016, the day after Individual #15's \$775,000 investment, \$200,000 is wired from MB 2678 to EB 2656, the DJB Holdings LLC operating account at Eaglebank. On the same day \$199,000 is transferred to the Eaglebank loan account discussed above to begin the loan default payback process.

34. A search of the records produced by Microsoft Corporation pursuant to the December 19, 2016, search warrant found emails relating to Individual #15's investment. The email below from Individual #15 to **BENNETT** dated August 23, 2016, lays out the background for his initial \$775,000 investment while requesting a return of his funds:

*From: Individual #15  
To: Dawn Bennett <DBENNETT@DJBENNETT.COM>  
Subject: INVESTMENT RETURN  
Date: Tue Aug 23 2016 07:20:34 EDT*

*Dawn,*

*I want to reiterate that I am requesting a full return of the total of \$775,000 that I invested in your company, DJBennett, on June 27th for the stipulated brief period of two months, with a written guarantee of 15% interest to be paid at the end of that period.*

*I was offered an opportunity to keep the money in your company beyond this time, but I have verbally, and now in writing, made it clear to you that I want all of this money returned to me by this Friday, August 26th.*

*I have shared with you on numerous occasions that this money was withdrawn from my retirement IRA under the IRS policy of being free of any tax liability if fully returned*

*within 60 days of withdrawal. That date is this Friday. As you know, this money constitutes nearly all of my net worth.*

*I ask that you exhaust whatever means are necessary to meet this request by the time requested. Failure to do so will cause me a very substantial financial penalty. There is no other solution that will serve as an alternative. I will waive the promised interest money of approximately \$20,000 if you deliver this money by the requested date.*

*Please update me this morning on your plan for meeting this request.*

*Individual #15*

On September 21, 2016, Individual #15 sent the email below, apparently after having received a partial repayment of his initial investment and having received resistance from **BENNETT** in getting full repayment:

*From: Individual #15

*Dawn,*

*I just heard your voicemail about being unable to receive emails for several days. That is unfortunate as you seemingly have no read this email which is now three days further into the escalating problem.*

*You mentioned getting my money back by the end of the month. I don't know what I have to do or say to help you understand my emphatic need to resolve this problem now. I need an update today by email as to when you will have this money back to me.*

*> I have also told you repeatedly that I did not want to accept your offer of payment of my entire tax liability for this year in exchange for leaving my money with your company.*

*> The stress continues to build of being now well outside the window of 2 months to return the withdrawal without penalty, as I have never been investigated by the IRS and never want to put myself in that situation.*

*> I do not want to resort to legal means to obtain these funds, but your lack of assistance in this matter is leaving me no choice.*

*> I regret how this has ended, but I do not want any further communication with you except notice that the funds have been deposited in my Wells Fargo account.*

*> Individual #15*

Consistent with the Ponzi scheme, Individual #15 was repaid with a combination of later victim investor funds, much of which came from Individual #14.

#### **EARLY 2017 DEVELOPMENTS**

35. On March 9, 2017, **BENNETT** (as guarantor) and DJB Holdings LLC (as borrower) closed on a \$4,300,000 loan with an entity, Lender #1, based in White Plains, New York. A review of the loan agreement provided by Lender #1 found that the proceeds of this loan were to be used only for 1) the purchase of a named privately-held consumer products company, 2) the funding of a tax lien reserve in the amount of \$350,000, and 3) the payment of fees, costs and expenses connected to the closing of the loan. The loan agreement further stated that the loan was to be secured by fine art collateral owned by **BENNETT**, specifically two identified pieces of art which were to be stored and controlled by a third party until the loan was satisfied. On March 8, 2017, the date preceding the loan closing, the balance in EB 2656 (which remains the current operating account for DJB Holdings LLC) was \$606.45. In addition, an ACH payment to a short-term factor lender in the amount of \$33,995.00 was returned for insufficient funds. On March 9, 2017, the proceeds of the Lender #1 loan were disbursed to EB

The individuals identified by number in the table above have all been confirmed to be victims. CLPF-CC Pavilion LP is the property owner for the BGFS office space (a portion of which is utilized by DJBennett.com) in Washington, D.C. Based on the review of records provided by CLPF-CC Pavilion LP, I know that BGFS had fallen behind on its monthly lease payments, and this \$350,000 payment was needed to bring them current. The \$200,000 wire to **BENNETT**'s personal account ending 2054 at United Bank ("UB 2054") was used to fund a \$31,000 payment to **BENNETT**'s mortgage and home equity line of credit accounts at United Bank. The balance

in UB 2054 prior to the \$200,000 wire was \$734.24. I know GMA USA LLC to be a firm which specializes in what they term “merchant cash advances,” which I believe to be another form of short-term lending in which DJBennett.com has engaged, again symptomatic of a company experiencing extreme financial duress. As previously discussed, Law Firm #4 is a law firm that **BENNETT** has used during the course of her litigation with FINRA and the SEC. Investigation to date has shown that **BENNETT** has used credit cards, such as American Express, Chase, and Barclaycard, for a mix of personal and business expenses. It is therefore likely that a significant portion of these payments went to personal expenses benefiting **BENNETT**. I know Law Firm #5 to be a large multi-national law firm with offices in Washington D.C. I know Attorney #2 to be an attorney that represented **BENNETT** and DJB Holdings LLC in a lawsuit **BENNETT** and DJB Holdings LLC filed against Google in the United States District Court for the District of Columbia alleging defamation, tortious interference, and intentional infliction of emotional distress. *See Bennett et al v. Google, Inc.* (case no. 16-cv-2283, D. D.C. filed November 11, 2016). This lawsuit was filed in November 2016 and was dismissed on June 21, 2017.

36. As of April 19, 2017, the balance in EB 2656 had dropped below \$60,000, but an incoming wire for \$250,000 from Individual #11 provided additional capital to allow DJBennett.com’s continued operation. Records provided by CLPF – CC Pavilion L.P. in July 2017 indicate that BGFS is once again behind on its lease payments, owing \$124,670.72 for May 2017 and June 2017 rent and utilities. In addition, records provided by Cowboys Stadium L.P. in July 2017 show that **BENNETT** was facing a potential lawsuit for non-payment of her Cowboys Stadium lease for the 2016 football season. On June 21, 2017, in response to an email sent by the Dallas Cowboys general counsel with the subject “RE: LAST CHANCE - PAYMENT

*J,  
I just tried to call you but was left on hold and then was disconnected.  
I just received your last two emails as I am now in Hong Kong but am flying out tomorrow to the US and will be back in the office late next week to take care of the remaining obligation to you.  
What I don't understand ... is that I told you via email that I would be back in the states by June, 2017 ... and would take care of the remaining amount by the end of the month.  
So, I am not sure what changed or did I misunderstand?*

*Please advise.*

BENNETT replied again the same day, professing that she had not responded to prior emails because it was unsafe to access her U.S. email from China:

*Goodness Jason ... you know part of my company is in China and I don't have access to my U.S. based emails there due to hacking and vicious Chinese viruses.  
One day ... I hope to be able to get U.S. based emails in China ... but today it still isn't safe.  
So, again just know ... I will get you the remaining amount by the end of next week.  
And by the way ... I really do appreciate the special attention you give me to help remind me.  
Speak with you once I get back.  
I need to go to bed ... it is 3:00am in the morning and I am beat!*

Again, a search of FBI databases for any international travel by BENNETT during this time frame did not locate any record of international travel. Records provided by Cowboys Stadium

L.P. found that **BENNETT** made the following payments to bring herself current on her luxury suite lease for the 2016 season:

<b>Date</b>	<b>Source Bank</b>	<b>Type</b>	<b>Amount (\$)</b>
8/8/2016	Monument Bank	Wire Transfer	50,000
8/26/2016	Monument Bank	Wire Transfer	100,000
9/22/2016	Monument Bank	Wire Transfer	150,000
12/30/2016	Eaglebank	Wire Transfer	100,000
1/3/2017	Eaglebank	Wire Transfer	50,000
7/3/2017	Eaglebank	Wire Transfer	50,000

Analysis of the DJBennett.com operating accounts found that these payments were largely funded by deposits from victim investors Individual #20, Individual #11, and Individual #14. Because **BENNETT** was delinquent on her lease payments, she was denied use of her leased suite for the 2014 and 2016 football seasons. Although she was current for the 2015 football season, Cowboys Stadium L.P. records show that **BENNETT** did not use her suite at all during the season. Lastly, records provided by Cowboys Stadium L.P. show that **BENNETT** is delinquent on her lease payment of \$500,000 for the 2017 football season which was due on March 1, 2017, and has accrued late fees of \$18,750.

**ADDITIONAL INFORMATION REGARDING CONSCIOUSNESS OF GUILT**

37. Pursuant to an additional email search warrant authorized by United States Magistrate Judge Thomas M. DiGiorlamo on July 18, 2017, I obtained a series of emails **BENNETT** sent to herself on June 16, 2017, a few days before Employee #1 provided sworn testimony to the SEC. Those emails, all sent from **BENNETT** to **BENNETT**, read as follows:

*TRK*  
*OK*

Time	Subject	Text of Email
7:57 p.m.		Brad I think this is going up uovalot[sic] worse than you expected. If you are bound to do this... it is certain they are going to cone[sic] after you for no good reason but that is not going to stop them.
7:59 p.m.		They are going to goad you into something that isn't true that works save your skin.
8:15 p.m.		Be nice but confused Be nice but be incompetent
8:17 p.m.		Be a little incompetent A little confused
8:58 p.m.	You need to plead temporary insanity	What you did makes no sense

38. On June 16, 2017, at 6:36 p.m., approximately an hour before **BENNETT** sent herself the first email, Employee #1 called **BENNETT**. That call lasted approximately 18 minutes. From these emails, it appears that **BENNETT** is emailing herself notes about coaching Employee #1 for Employee #1's upcoming SEC testimony.

39. On June 17, 2017, the Saturday prior to Employee #1's testimony on Monday, **BENNETT** had approximately 18 phone contacts with Employee #1 ranging in duration from one minute to 29 minutes. On June 18, 2017, **BENNETT** had two phone contacts totaling 32 minutes with Employee #1.

40. On June 19, 2017, Employee #1 provided sworn testimony to the SEC. **BENNETT** had three phone contacts with Employee #1 between 12:06pm and 12:22pm, presumably during the lunch break. Law Firm #6 represented Employee #1 during the proceeding. Based on my review of the records, I believe that **BENNETT** paid for Law Firm #6 to represent Employee #1. On June 16, 2017, a \$5,000 wire transfer was sent from **BENNETT**'s UB 2054 account to Law Firm #6. On June 15, 2017, the day before that wire transfer was

MR

made, **BENNETT** deposited a \$5,000 personal check from Individual #23, a presumed victim investor, made payable to “DJ Bennett” into **BENNETT**’s UB 2054 account.

41. On August 2, 2017, pursuant to a federal search warrant, FBI agents searched **BENNETT**’s residence in Maryland and office in Washington, D.C.

42. In **BENNETT**’s office space, agents found what appears to be an “excuse list” for a **BENNETT** employee to provide to individuals who called the office. All callers were to be told **BENNETT** was “out on business travel.” The SEC was to be told **BENNETT** was “out until Sept[ember].” Individual #14, however, was to be told **BENNETT** was in “New Mexico Probably Coming Back July 10.” Individual #13 was to be told something different, that **BENNETT** “is in Asia getting manufacturing ready 2018 – back end of August.”

43. In **BENNETT**’s residence, agents also found evidence regarding **BENNETT**’s guilt and guilty knowledge. Records reviewed as part of this investigation indicate that **BENNETT** spent fraud proceeds for various personal expenses. For instance, on November 22, 2016, the DJB Holdings Bank account received a \$600,000 wire from Individual #4. Prior to receiving that wire, the account balance was \$55,085. On November 23, 2016, **BENNETT** made a payment of \$159,399 to American Express. The previous month, **BENNETT** had used this card for a variety of expenses that are seemingly personal in nature, including an \$8,306 Anti-Aging & Weight Loss charge, a \$10,575 Cengenics Pharmacy charge, a \$7,836 charge at the Ritz Carlton – South Beach, and a \$7,423 charge at Saks Fifth Avenue. In **BENNETT**’S Chevy Chase penthouse, agents found a wealth of personal effects demonstrative of her lifestyle. A photograph of some of the personal effects is below:

*Handwritten signature/initials in blue ink.*

44. Also in the search of **BENNETT**'s residence, agents recovered instructions for placing individuals under a "hoodoo spell," which based on open source investigation I understand to be synonymous with a "voodoo spell." The instructions were called "Beef Tongue Shut Up Hoodoo Spell" and allegedly were to cause the individuals under spell to "shut up" about **BENNETT**. In handwritten notes on **DAWN J. BENNETT**-styled stationary, along with other directions such as slitting open animal tongue, the instructions called on the spell-caster to state the name of the individual on whom to cast the spell followed by "I cross and cover you[,] come under my command[.] I command you to hold your tongue." The residential search also uncovered biographical information for at least three SEC attorneys working on the SEC investigation into **BENNETT**. Consistent with the instructions on how to cast a "hoodoo spell,"

MC

agents discovered in **BENNETT**'s residence two freezers containing dozens of sealed Mason jars with identifying information for the same SEC attorneys, suggesting that **BENNETT** had many times cast a "hoodoo spell" in hopes of paranormally silencing the SEC attorneys investigating **BENNETT**. Photographs of the freezers' contents are included below, with many of the sealed containers visible complete with the initials of SEC attorneys written on the lids:

**CONCLUSION**

45. Based on the facts set forth herein, I respectfully submit that there is probable cause to believe that **BENNETT** has committed violations of 18 U.S.C. § 1343, 1344, and 1014. Therefore, I request the issuance of a criminal complaint and an arrest warrant.

46. Your Affiant has signed this document under oath as to all assertions and allegations contained herein and states that its contents are true and correct to the best of his knowledge.
